

# 2017-2018 Special Education Report

April 2019

Dear Parents, Families and Community Members,

The Oregon Department of Education is proud to issue the thirteenth annual special education report. Reported indicators and targets correspond to the information in the State Performance Plan (SPP) for Special Education that is required by the United States Department of Education.

As Oregon schools and districts continue to face many challenges, educators remain committed to providing the highest quality education for Oregon students. This report is not meant to tell you everything about your district, but it offers a starting point for discussions about where improvement might be needed and for celebrating successes in education for all of Oregon's children.

Sincerely,

  
 Colt Gill, Director, Oregon Department of Education

## DISTRICT INFORMATION

Students Graduating 2016-2017	District	State Target	Least Restrictive Environment	District	State Target
Students with IEPs graduating with regular diploma: four-year cohort rate	79.2%	81.0% or more	Students included in regular class 80% or more of day	88.0%	73.0% or more
Students with IEPs graduating with regular diploma: five-year cohort rate	81.6%	84.0% or more	Students included in regular class less than 40% of day	3.0%	10.6% or less
			Students served in public or private separate schools, residential placements, or homebound / hospital	1.0%	1.8% or less

High School Dropout 2016-2017	District	State Target
Students with IEPs dropping out	2.9%	3.2% or less

Timeline for Eligibility	District	State Target
Students with parental consent to evaluate who were evaluated and eligibility determined within 60 school days	100.0%	100.0%

**IEP = Individualized Education Program**  
 A written statement for a child with a disability that is developed, reviewed, and revised by an IEP Team.

**Department of Education Notes**  
 \* Not displayed because at least 6 students are needed to maintain confidentiality.

**Special Education**  
 §300.39(a) Special education means specially designed instruction, at no cost to the parents, to meet the unique needs of a child with a disability.

**LRE = Least Restrictive Environment**  
 20 U.S.C. 1412(a)(5) and §300.114(2)(i)&(ii) To the maximum extent appropriate, children with disabilities, including children in public or private institutions or other care facilities, are educated with children who are nondisabled; and special classes, separate schooling, or other removal of children with disabilities from the regular educational environment occurs only if the nature or severity of the disability is such that education in regular classes with the use of supplementary aids and services cannot be achieved satisfactorily.

## LOCAL INFORMATION PROVIDED BY YOUR DISTRICT

In the West Linn-Wilsonville School District, we are guided by the mission question: "How do we create learning communities for the greatest thinkers and most thoughtful people...for the world?" Part of the answer is a commitment to providing access and opportunity for each child, every child. Our District Goal #1 is to "Grow student achievement through the use of high-leverage instructional strategies that raise rigor and generate equitable outcomes for all students while eliminating opportunity and achievement gaps." This is reflected in our Special Education Focus Areas: Improving Instructional Practices, Creating Inclusive Cultures and Increasing Student Voice.

Over the last 6 years, we have increased inclusive participation in general education classes by eliminating self-contained classrooms and providing a full continuum of special education supports at every neighborhood school. This has led to an increased sense of belonging and more equitable access to high-leverage learning. Students served by special education are learning and performing at higher levels than ever before. During this time, our graduation rates for students with and without disabilities have continued to increase – to among the highest in the state.

We are committed to ensuring that all students who graduate from WLWV have a range of post-secondary options. Our rates for enrollment in higher education, competitive employment and other post-secondary engagement exceed the state targets. We focus on post-secondary transitions for all students, with a particular focus on eliminating opportunity gaps through promoting student voice in their transition planning.

## DISTRICT INFORMATION

### Academic Achievement

#### Percentage of Students Meeting Standards

The graphs below show the percentage of students in your district that met or exceeded the state standards on Oregon's Smarter Balanced Assessments<sup>1</sup> during the last school year. In 2016-2017, Math included a knowledge and skills assessment for each student in grades 3-8 and 11; English Language Arts included a reading and skills assessment for each student in grades 3-8 and 11.

#### Post-Secondary Outcomes

Youth who are no longer in secondary school, had IEPs at the time they left school, and, within one year of leaving high school, were

	District	State Target
Enrolled in higher education	39.6%	31.0%
Enrolled in higher education or competitively employed	77.1%	55.5%
Enrolled in higher education or in other post-secondary education or training program; or, competitively employed or in other employment	89.6%	72.0%

#### Suspension / Expulsion 2016-2017

	District	State Target
District identified with significant discrepancy in rate of suspension / expulsion for more than 10 days	No	Note <sup>7</sup>
District identified with a significant discrepancy, by race or ethnicity, in rate of suspension / expulsion for more than 10 days; and, policies, procedures, or practices contribute to the significant discrepancy and do not comply with requirements relating to the development and implementation of IEPs, the use of positive behavioral interventions and supports, and procedural safeguards	No	Note <sup>7</sup>

#### IEP = Individualized Education Program

A written statement for a child with a disability that is developed, reviewed, and revised by an IEP Team.

#### Department of Education Notes

- \* Not displayed because at least 6 students are needed to maintain confidentiality.
- <sup>NA</sup> Too few test scores or students to determine a rating.

## DISTRICT INFORMATION

#### Secondary Transition

Youth aged 16 and above with IEPs that included the following: appropriate, measurable post-secondary goals that are annually updated and based upon an age-appropriate transition assessment; transition services, including courses of study, that will reasonably enable the student to meet the post-secondary goals; and annual IEP goals related to the student's transition services needs; and, the district provided evidence that, for the IEP team meeting in which transition services were discussed, the student was invited and, if appropriate, a representative of any participating agency was invited with prior consent of the parent or student who has reached the age of majority

	District	State Target	Students Receiving Special Education Services	District	State Target
Secondary Transition	*	100.0%	District identified with disproportionate representation of racial and ethnic groups in special education and related services that is the result of inappropriate identification	No	No
			District identified with disproportionate representation of racial and ethnic groups in specific disability categories that is the result of inappropriate identification	No	No
			<b>Parent Survey Results</b>	<b>District</b>	<b>State Target</b>
			Parents who report schools facilitated parent involvement as means of improving services and results <sup>6</sup>	77.6% <sup>13</sup>	77.73%

#### Department of Education Notes

- <sup>1</sup> Data displayed reflect participation in regular statewide assessment (Oregon's general assessment) with and without one or more approved accommodations.
- <sup>2</sup> Results from the alternate statewide assessment measured against alternate achievement standards (Oregon's Extended Assessment) are not comparable to results from Oregon's Smarter Balanced Assessment.
- <sup>3</sup> All assessments are included in the 95% Federal participation target. Oregon does not measure the alternate statewide assessment against grade level standards.
- <sup>4</sup> The state target is based on an annual percentage increase in the number of districts that met the criteria.
- <sup>6</sup> All parents are not surveyed. A sampling of parents complete the Oregon Parent Survey.
- <sup>7</sup> The state target is based on an annual percentage reduction in the number of districts identified with a significant discrepancy. A "No" for the district is preferred.
- <sup>13</sup> Data displayed are Parent Survey data collected in 2016-2017 from a sampling of parents in your district.
