## UNDERSTANDING THE WLWV SCHOOL DISTRICT BUDGET, FISCAL YEAR 2024-2025

School budgets can be challenging to read or understand. We have produced this document to provide an easy-to-understand summary of the WLWV School District budget and to answer the questions we hear most often about our General Fund Budget:

- Where does the money come from?
- What does the money pay for?
- What about other funds?

*To learn more about the WLWV School District's Budget, please visit our website at <https://www.wlwy.k12.or.us>.*

### Where does the money in the WLWV School District General Fund Budget come from?

The most significant portion of WLWV School District's General Fund Revenue comes from the State School Fund (SSF) and Property Taxes.

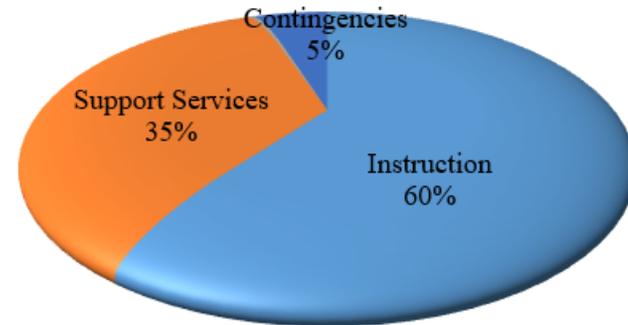

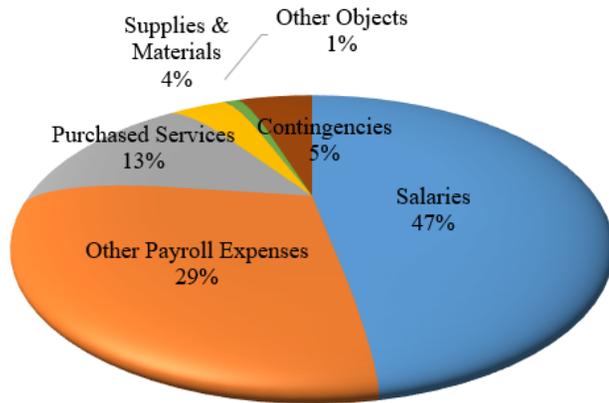

**State School Fund:** The SSF was created to replace school tax revenue lost under Measure 5. The legislature established an equalization formula to allocate revenue to schools on a weighted per-student basis. SSF is calculated based on enrollment. A per-student amount consists of two enrollment numbers: average daily membership-resident (ADMr) and average daily membership-weighted (ADMw). The ADMr number represents the average number of students enrolled in the WLWV school district on a daily basis. The AMDw is an adjusted number to compensate for the high costs of educating specific groups of students such as English Language Learners, Special Education, Pregnant or Parenting, Income at or below poverty, and Students in Foster Care.

**Property Taxes:** Property taxes from each school district's permanent rate are deducted from the Total Formula Revenue (source from ODE) to determine the amount the school district will receive from the SSF.

**What does the money in the General Fund budget pay for?** Budgeted spending can be viewed in two ways: by program or by account category. Programmatic use separates spending by teachers in classrooms, classroom and building support, central administrative services, and other programs. Categories of spending includes all programs but breaks out types of expenses: salaries and benefits, supplies and materials, services, etc.

General Fund Requirements by Objects	Proposed Budget 2024-25	
	\$ Amount	%
Salaries	74,667,507	47%
Other Payroll Expenses	47,938,101	30%
Purchased Services	21,293,413	13%
Supplies & Materials	5,822,289	4%
Capital Outlay	56,000	0%
Other Objects	1,413,811	1%
Transfer	30,000	0%
Contingencies	7,819,500	5%
<b>TOTAL ALL OBJECTS</b>	<b>\$ 159,040,621</b>	<b>100%</b>

General Fund Requirements by Functions	Proposed Budget 2024-25	
	\$ Amount	%
Instruction	95,717,112	60%
Support Services	54,981,270	35%
Enterprise & Community Services	492,739	0%
Transfers	30,000	0%
Contingencies	7,819,500	5%
<b>TOTAL ALL FUNCTIONS</b>	<b>\$ 159,040,621</b>	<b>100%</b>

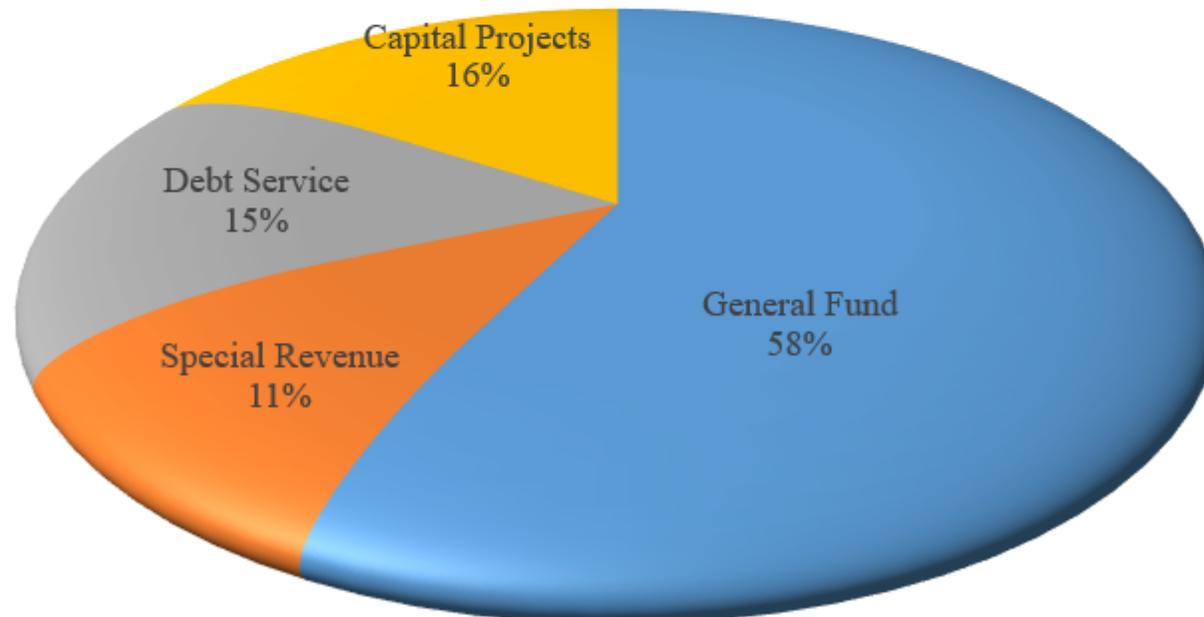

The largest share of the WLWV School District General Fund budget supports direct instruction, including classroom teachers and special education. Central Support and Administration include central office functions such as the Department of Operations, Business Office, Human Resources, Information Technology, Communication, Teaching and Learning, Student Services, Superintendent’s Office, and Board of Education.

**Are there other funds in the WLWV School District budget?** The WLWV School District budgets and accounts for money in several other funds other than the General Fund: 1) **Special Revenue Funds** are specifically dedicated revenues such as federal, state, and local grants; 2) **Debt Service Funds** provide for payment of principal and interest on General Obligation Bonds and PERS Bonds; and 3) **Capital Projects Funds** are for the construction or renovation of school facilities, acquisition of technology, and other capital purchases.

# SUPERINTENDENT'S BUDGET MESSAGE

## FOR THE 2024-2025 SCHOOL YEAR

Dear West Linn-Wilsonville School District Budget Committee and Community:

I respectfully submit the West Linn-Wilsonville School District proposed budget for the 2024-2025 SY in accordance with ORS 294.391.

### **The District Budget for 2024-2025 proposes:**

- \$159,040,621 in the General Fund
- \$30,412,795 in the Special Revenue Fund
- \$42,874,466 in the Debt Services Fund
- \$44,249,416 in the Capital Projects Fund

Together the funds totaling **\$276,577,298** provide a balanced budget of revenue and expenditures that meet federal and state regulations and align with the District Goals; the District Integrated plan; the District Equity Action Plan; and individual School Work Plans.

### **PART I: PUBLIC SCHOOL BUDGET SOURCES**

Public school districts are funded through a variety of sources.

#### **General Fund:**

**State School Fund (SSF).** School Districts receive a vast majority of their funding through the State School Fund, into their General Budget (ORS 327.008). To achieve equalized per-student funding, the current formula reduces state contributions if local tax revenues per student are high and increases state contributions if local revenues are low. The equalization of funds also includes a “weighted” student count based on need.

**Property Taxes.** Annual property taxes are collected for school districts, ESDs and community colleges at a regulated rate. As mentioned earlier, state funds and local funds work together to balance the amount allocated to districts across the state in an equalization effort.

**Local Option Levy.** Under Oregon’s property tax law, a local option levy allows individual communities the ability to supplement state funding for their local schools. In November 2023, voters in West Linn and Wilsonville renewed a five-year local option levy at a rate of \$1.50 per \$1,000 assessed value. Local option taxes in our district are used to fund teachers and support staff in each of our schools.

## **Special Revenue:**

School districts receive funds through federal and state grants. These grants are accountable to specific spending criteria.

### **A. Federal IDEA and Title Grants**

The Office of Special Education Programs administers three formula grant programs authorized by the Individuals with Disabilities Education Act (IDEA). These grants are awarded to states annual to support children experiencing disabilities birth through age 21.

Title grants are annual federal monies that are meant to supplement, not replace, existing state funding for education, for example:

- Title I: Funding for students from low-income families, based on census poverty data. The money must go toward programs and support systems to help students access and achieve challenging and relevant academic state standards.
- Title II: Funding supports teacher, administrator and staff professional development.
- Title III: Funding is for English Language Learners to develop language skills in reading, writing, listening and speaking.

### **B. State Grants:**

#### **1. High School Success Grant (HSS, formerly Measure 98)**

The state-funded HSS grant targets improvement to graduation rates through expansion of Career & Technical Education (CTE) programs, addressing chronic absenteeism, and providing interventions that reduce drop-out rates. In West Linn-Wilsonville, we have developed a strategic plan for allocating HSS grant funds to impact these target areas.

#### **2. Student Success Act: Student Investment Account (SIA) Grant**

A voter-approved Corporate Activities Tax (CAT) allocates funds each biennium towards the Student Success Act which includes three “buckets” of funding priorities: a) Statewide Education Initiatives, b) Early Learning, and c) Student Investment Account, SIA. The Student Investment Account prioritizes two areas of need: 1) Students’ mental and behavioral health needs, and 2) Increase academic achievement and reduce academic disparities for students who have historically experienced disparities in our schools. Extensive community engagement informed the goals within the district’s SIA grant application with measurable academic outcomes.

### 3. Early Literacy Success Initiative Grant

In 2023, Governor Kotek and the Oregon Legislature established early literacy as a priority. This two-year grant (2023-2025) identifies four goals: increase early literacy for children from birth to third grade; reduce literacy academic disparities for student groups that have historically experienced these disparities; increase support to families in the development of their children’s literacy skills; and increase access to early literacy learning through research-aligned, culturally responsive, student-centered curriculum, instruction and support.

### Capital Projects:

Under Oregon’s property tax law, a local Capital Bond allows individual communities the ability to fund capital projects through a tax levy. In November 2019, voters in West Linn and Wilsonville passed a Capital Bond identifying specific capital projects for funding. These included safety and facility upgrades, technology replenishment and upgrades, and two new school buildings (Athey Creek Middle School and Frog Pond Primary School). More specifics about these projects can be viewed on the district website under the tab: Capital Bond.

## PART 2: STEPS IN ASSEMBLING A SCHOOL DISTRICT BUDGET

In the process of assembling a school budget, the district:

- Step 1: Begins by “rolling forward” the current level of staffing, programs and services from the current year into the new year
- Step 2: School and district leaders evaluate programs, operations and staffing levels based on projected need
- Step 3: Community input is collected through a survey of staff, parents and patrons regarding key investment priorities
- Step 4: Adjustments are made based on survey results and any new information from federal, state or local funding sources
- Step 5: Lastly, a proposed budget is brought to the Budget Committee

Key Investment Priorities (Step 3) are those that are research-based or proven to exemplify the quality of learning and the quality of care every parent wishes for their child. Key investments that our community has identified include:

- **Hiring quality staff** and providing effective classroom support systems
- Effective **Class Size Ranges**
- Professional development for **excellence in teaching**
- **Quality curriculum & curriculum support**
- Instructional strategies for students with **diverse learning needs**
- Support for **mental health and behavioral needs**

- **School Equity Teams** and districtwide equity and inclusion initiatives
- **Varied assessments that measures progress** to inform students, staff, parents, district
- **Access to rigorous coursework in K-12**, including AP/IB & college level courses
- **Enriched Programs** such as World and Dual Language Programs, Performing and Visual Arts, Athletics and Activities
- **Expanded STEM and CTE Programs**
- **Early Childhood Preschool** programs
- Developing Robust Systems of **Instructional Technology**

### **Measuring the Outcomes of our Investments**

We measure the outcomes of our investments by collecting, analyzing and utilizing a broad range of evidence:

- Graduation Rates – West Linn-Wilsonville has one of the highest in the state of Oregon for a multi-high school district (95%)
- Drop-Out Rates – West Linn-Wilsonville has a rate (1.03%) well below the state average (3.31%)
- Regular Attendees – Decreasing chronic absenteeism (missing more than 10 days of school) continues to be a priority
- 9<sup>th</sup> Grade on Track – Providing strategies and school management supports for students to pass 6 courses in freshman year
- Increasing student participation in AP courses, IB courses and Dual Credit classes at our high schools
- Oregon State Assessment (OSAS) academic achievement results (G. 3-5, G. 6-8, G. 11) on school and district report cards
- District-administered interim assessments provide valuable information to help students monitor their own learning; help teachers adjust and prepare instruction; and help school and district teams effectively plan targeted interventions and resources as needed.
- Anecdotal and qualitative data from students, staff and community surveys (e.g. Panorama) and district- or school-based forums

### **Feedback from Community**

An annual survey (Step 4) is sent out to the community in April asking for feedback regarding these key investments and which ones they would prioritize for the new fiscal school year. This year the district also asked for input regarding areas for reduction. The District received close to 1,300 survey responses. The feedback was collected, categorized, analyzed and applied when evaluating these investments within the parameters of priority and reduction for the 2024-2025 proposed budget. The results are included in the budget document Section IV: Informational Section.

## **PART 3: REPORTING THE BUDGET FOR 2024-2025**

**In 2023-2024**, the Superintendent’s Budget Message prepared the school community for a need to make reductions in the second year of the biennium stating, “We will expend a large portion of our ending-fund-balance (reserve) in order to roll forward our current service level as well as provide additional staffing...to be clear, this is not a sustainable practice. The use of reserves is a ‘one-time fix’. Depleting reserves means that the second year of the biennium will be impacted...like other districts, we anticipate making reductions in the second year.”

**On April 30, 2024**, a Superintendent’s message to the school community announced the need for a \$10 million reduction to the 2024-2025 school budget. Reserves have been significantly depleted and rolling over the current level of staffing and programs is unsustainable. Reductions in expenditures are needed in order to readjust back to a pre-pandemic level (remembering that the pandemic came with additional federal funds that allowed districts to hire additional personnel and fund extra resources as needed; those funds are gone).

Reasons for K-12 public school budget challenges include: continued labor cost increases, goods & services increases, utilities increase, unfunded recent legislative mandates, and the discontinuation of federal pandemic relief grants. While there are annual increases in state funds to school districts, the percentage increase is consistently less than the labor/market operating cost increases.

**The 2024-2025 School District General Fund Budget demonstrates movement towards a more sustainable financial budget;** however, additional reductions in the 2025-2026 school year will be necessary if revenue is not significantly increased from the state.

### **2024-2025 General Fund Revenue Total \$137,506,319**

Revenue details are found in the proposed budget document. Some larger sources include:

- State School Fund to WLWV of \$65,583,628 (Based on ODE allocation as of 3/25/2024)
- Property Taxes of \$48,354,544
- Projected Local Option Levy of \$13,499,000
- Clackamas ESD Allocation Funds of \$3,383,188

### **2024-2025 General Fund Expenditures Total \$152,221,121**

Expenditure details are found in the proposed budget document. Some working factors include:

- Rolling forward of district operations, programs and staffing with a \$10 million reduction
- Increased costs (estimates) to honor negotiated contracts that include cost of living adjustment (COLA), years-of-service step increases, and health insurance

- Increased costs in utilities, transportation, supplies & materials, vendor contracts and insurance rates
- Increased cost in unemployment compensation due to new legislation

**The Revenue-Expenditure difference is \$(14,714,802).**

Only with a 2023-2024 carry-over reserve of \$21,534,302 (as of 5/6/2024), an ending fund balance of \$6,819,500 is achieved. This smaller carry-over reserve for the following 2025-2026 SY cannot support the same Revenue-Expenditure difference, which is why another reduction and increased state funding in the following biennium will be needed.

**Proposed 2024-2025 Budget Reductions of Approximately \$10 Million**

Applying District priorities and feedback from district & school leaders, association leaders and the school community survey, the district has made approximately \$10 million of expenditure reductions for the 2024-2025 school year in the following areas:

**1. Districtwide Department and School Operational Budget, Approximately \$4.5 Million**

Reduced district and school supply budgets; reduced contracted services, vendors, rentals, utilities usage, printers, landscaping; paused maintenance vehicle replacement; etc.

*Note: Remaining intact for next year will be the Board-approved curriculum renewal materials for Math and Science, as well as arts, music, athletics, and co-curricular programs.*

**2. District administrative and school/student support personnel (non-classroom positions), Approximately \$4 Million**

Reduced District Office administration/staff (5 positions), districtwide classified support staff (equivalent 10 positions)

Reduced Licensed support staff and TOSA positions:

- 3 WKOA (online program) staff. The K-8 WKOA enrollment remained very low the last two years (2023-24: 40 middle school students; 10 primary school students) and is being suspended at these levels. WKOA Grades 9-12 program will continue.
- Grades K-8 Librarians will return to the pre-pandemic model of working across two schools. These librarians were increased to full-time at each school to assist with the new WKOA online program students. With the program suspension, 13 librarians have been reduced back to 6.5 librarians. A full-time classified library assistant at each school will remain.
- 3 Mentor Teachers; 2 Primary School Literacy Coaches; 2 Middle School TOSAs; 2 Career Connections staff
- 3 Early Childhood Evaluation staff. This service, as needed, will be contracted through the Clackamas ESD.

### **3. Twelve Primary Classroom Teachers (due to decreased enrollment since 2019-20 of 700 students), Approximately \$1.5 Million**

Average primary class sizes will return to pre-pandemic ranges.

- **Pre-COVID**  
2017-2018 Average Class Size = 23.7  
2018-2019 Average Class Size = 23.1
- **With COVID relief funds/reserve:**  
2019-2022 class size variability due to online, hybrid, return to in-person  
2022-2023 Average Class Size = 21.8  
2023-2024 Average Class Size = 21.6
- **With the 12 reductions:**  
2024-2025 Average Class Size = 23.3

#### **Outstanding Factors that Could Continue to Impact the 2024-25 Budget**

- Student enrollment impacts budget revenues and expenditures. Declining or increased enrollment could result in staffing changes. The district is actively monitoring this and will respond accordingly.
- The district is currently in contract negotiations with the West Linn-Wilsonville Education Association (WWEA, licensed) and Oregon School Employees Association (OSEA, classified). The negotiation discussions in our district are professional and mutually respectful. Outcomes from these contract agreements may or may not create the need for additional reductions.

#### **PART 4: RECOGNITION OF OUR COMMUNITY**

- Making reductions in a school district is hard, complicated and always impacts members of the school community. We recognize that some of our valued staff will have lost positions in our district after devoting considerable talent, time, heart, soul and passion. We are indebted and grateful to their service and their positive impact on our students. Truly, we thank them. We are hopeful that future openings will allow them to rejoin the district. We recognize that other educators in our district will have different assignments next year than this last year. We thank them for making the adjustments necessary and appreciate the extra time and attention they will spend as they shift into these new roles. We are grateful for the continued expertise they bring to our district and the care they provide our students.
- I wish to recognize the leadership of our School Board members. We appreciate the countless hours you spend meeting with patrons, managing district business, and attending school and district events. We appreciate your belief and support in the professional expertise of our staff and their commitment to our community's children. We appreciate your attention to our community when times are challenging, and bringing forward feedback from our patrons to help us improve our district practices. Lastly, we value your courageous

advocacy for inclusion of ALL children in their neighborhood schools and learning alongside their peers in the general education classroom, while also standing up and speaking up for ALL students however they self-identify.

- I wish to recognize our Budget Committee who volunteer to oversee the accountability of our budget process and document. And we thank all who participated in this budget development process by sending us feedback: parents, patrons, and staff. The interest, care and advocacy by our community is deeply evident and valued.
- I wish to recognize our stellar Business Office Team and the countless hours they have invested in assembling this document, alongside hours of meetings with district staff to ensure programs and numbers are accurately reflected. Their work does not end here; they will continue to account for and adjust finances as revenue and expenditures actualize.
- I wish to recognize the excellence of our teachers, specialists, staff and administrators who bring their best professional selves to educating children on a daily basis. Our West Linn-Wilsonville staff do not operate in silos; instead they work selflessly across departments, schools, levels, and roles towards the same goal: eliminating opportunity and achievement gaps and ensuring all students in our district are “happy and proud”.
- Lastly, I wish to recognize and thank our community’s generosity in supporting our Local Option Levy and Capital Construction Bond. The local option levy has preserved approximately 90 positions, even while we had to reduce others. And our 2019 Capital Bond has allowed us to attend to safety and facility upgrades—without draining our general budget—that create conditions for optimal learning for our students. These are significant contributions that are deeply appreciated by families of current students and will be by families of future students. We would not be the district we are today without the belief, support and generous financial investment of our community.

## **In Closing**

It is imperative to restate that an outdated State School Fund calculation method and subsequent inadequate K-12 school funding allocations cannot continue in Oregon. Reductions across the state have occurred last year, this year and will occur next year unless there is collective voice, advocacy and courageous commitment by state leaders, state legislators and the Governor’s Office. Our state leaders **MUST** take into consideration **realistic and current** workforce increases, goods and services increase, increased student mental health and special education needs, and rising inflation. While we appreciate the good will and intention of key legislation, there is always financial and time-consuming impacts for school districts with every legislative implementation. Funding must accompany new legislation.

As a last word, I am proud and humbled to serve the West Linn-Wilsonville School District and to bring forward a budget that, while reduced, still supports the mission and goals of this school district and most importantly, the academic and social-emotional success of each student.

Respectfully,

Kathy Ludwig, D.Ed.  
Superintendent

# DISTINGUISHED BUDGET AWARD

GOVERNMENT FINANCE OFFICERS ASSOCIATION

## *Distinguished Budget Presentation Award*

PRESENTED TO

**West Linn-Wilsonville School District 3JT  
Oregon**

For the Fiscal Year Beginning

**July 01, 2023**

*Christopher P. Morrill*

Executive Director

The West Linn-Wilsonville School District has been awarded the Distinguished Budget Presentation Award for our 2023-24 Budget!

The award represents a significant achievement, reflecting the commitment of the district and staff to meeting the highest principles of governmental budgeting. In order to receive the award, school districts must meet nationally recognized guidelines for effective budget presentation. Those guidelines are designed to assess how well the district's budget serves as:

- a policy document
- a financial plan
- an operations guide
- a communications device

Budget documents must be rated "proficient" in all four categories and in the 14 mandatory criteria within those categories to receive the award. The Government Finance Officers Association (GFOA) advances excellence in government finance by providing best practices, professional development, resources, and practical research.

# OVERVIEW OF WLWV SCHOOL DISTRICT

The West Linn-Wilsonville School District covers 42 square miles in the south metropolitan area of Portland, Oregon. The District includes two towns, West Linn and Wilsonville, and a rural area of Clackamas County. The District is a K-12 public school system with approximately 9,100 students.

The West Linn-Wilsonville School District prides itself on substantial staff development opportunities for its teaching staff and believes that a well-educated staff serves its students well.

The West Linn-Wilsonville School District has one of the highest graduation rates in the State of Oregon. Our schools offer education in the areas of the Performing Arts, Science, Technology, Engineering, and Mathematics (STEAM), Career and Technical Education, Advanced Placement, and International Baccalaureate (IB) options among other areas. Our students and teams excel in several Oregon School Activities Association (OSAA) areas, including numerous recent state championships in athletics and activities.

**Mission:** Our school district guides us with a compelling vision question, "How do we create learning communities for the greatest thinkers and most thoughtful people...for the world?"

# SCHOOL BOARD GOALS

The Board is responsible for establishing educational goals, which will guide both the Board and staff in working together toward the continuing improvement of our academic program. As a Board, we have established District Goals to:

1. Grow student achievement through high-leverage instructional and engagement strategies to raise rigor, disrupt systems of racism, and generate equitable outcomes for all students while eliminating opportunity and achievement gaps.
2. Effectively use professional growth systems, assessment for learning, social-emotional learning, and equitable and inclusive practices to build competence, confidence, and self-efficacy for every student.
3. Operate in an accessible and transparent manner to encourage and generate community involvement as our parents, students, and community partners are an integral and valued voice in our District.
4. Be responsive to future community growth and student learning needs by conducting long-range capital improvements and financial planning through processes and practices for long-term financial stability and sustainability.

## VISION THEMES

As a district, West Linn-Wilsonville is constantly learning and growing. Over the years, the district has developed a series of vision themes, including:

- Demonstrates [personal and academic excellence](#)
- Provides a [personalized education](#) to improve student performance
- Establishes [community partnerships](#) and expands the classroom beyond the school
- Creates a [circle of support](#) for each student
- Educates [the whole person](#)—intellectually, emotionally, physically, and ethically
- Integrates [technology](#) in daily learning.

# BUDGET PREPARATION

WLWV School District develops its annual budget by using available resources to address our District's core values, organizational priorities, and obligations.

The Business Office aims to help school buildings and departments build a meaningful and sustainable budget based on open communication and input. Below are the five steps that the Business Office applied during the budget process:

1. Plan and prepare: the budget must be balanced and provide a basis for evaluating the school's services, costs, and accomplishments.
2. Set goals and priorities: each goal is measurable, specific, and attainable. Each spending priority must satisfy a particular purpose or requirement.
3. Cost analysis: 1) determine the benefits of a proposed or existing program and place a dollar value on those benefits, 2) calculate the total costs of the program, and 3) compare the benefits and the costs.
4. Implement the plan: A plan of action puts the strategic financial plan into play, translating the strategy into manageable and actionable steps.
5. Ensure sustainability: evaluate the programs throughout the year and adjust to the current mid-year budget to reflect everyday spending.

# BASIS OF BUDGETING

In compliance with applicable statutes and administrative procedures, the West Linn-Wilsonville School District's budget is prepared on a modified cash basis, which is used to establish and ensure compliance with enacted budgets. The total amount appropriated or budgeted for each fund may not exceed the available fiscal year's estimated revenues plus the unappropriated surplus fund balance (or less a deficit) of the preceding year. The fiscal year begins on July 1 and ends on June 30.

For budgeting purposes, tax receipts are recorded at the time of deposit during the fiscal year with the modified cash basis of budgeting. They are determined when earned and adjusted back to the appropriate fiscal year during the accrual period. All other receipts are deposited to the proper fiscal year in which the revenues were earned if received within 60 days after the end of the fiscal year; if received after those 60 days, they are recorded in the fiscal year received. For expenditures, the statute requires that no payment for goods or services may be charged after the last day of the fiscal year unless the goods or services are received on or before the last day of the fiscal year. Repair projects, purchase of specialized equipment and furnishings, and other contracts for services and capital expenditures to purchase land or erection of buildings or new construction or remodeling that were committed and in progress before the fiscal year-end are excluded. In other words, except for the previously mentioned exceptions, the District must have received the goods or services on or before June 30, creating an actual liability.

# SUMMARY OF SIGNIFICANT BUDGETING POLICIES

A budget is prepared and legally adopted for each governmental fund type on the modified accrual basis of accounting. The budgetary basis of accounting uses the same Generally Accepted Accounting Principles (GAAP) used in the United States of America for governmental fund types. A difference exists that capital outlay expenditures, including items below the District's capitalization level, are budgeted by function in the governmental fund types. The resolution authorizing appropriations for each fund sets the level by which expenditures cannot legally exceed appropriations.

Each fund establishes appropriations at the significant function level (instruction, support services, nutrition services, facilities acquisition and construction, debt service, operating contingency, and transfers). However, the detailed budget document must contain more specific information for the abovementioned expenditures. Unexpected additional resources may be added to the budget through a supplemental budget and appropriation resolution.

The Board may adopt supplemental budgets of less than 10% of a fund's budget at a regular meeting. A supplemental budget greater than 10% of a fund's original budget requires a hearing before the public, publication in newspapers, and the Board's approval. Original and supplemental budgets may be modified by appropriation transfers between the levels of control (major function levels) with Board approval.

# FUND FINANCIAL STATEMENTS

The fund financial statements provide information about the District's funds. Separate reports for each governmental fund category are presented. The emphasis of fund financial statements is on significant governmental funds, each displayed in a separate column. The District reports the following major governmental funds: 1) General Fund, 2) Special Revenue Fund, 3) Debt Service Fund and 4) Capital Projects Fund.

FUND TYPES			
General Fund	Special Revenue Fund	Debt Services Fund	Capital Projects Fund
This fund accounts for all revenues and expenditures except for those required to be accounted for in another fund. The principal revenue sources are <b>property taxes</b> and an apportionment from the <b>State</b> of Oregon. Expenditures in the fund are made for <b>instructional</b> purposes and related <b>support services</b> .	This fund accounts for the revenues and expenditures of specific educational programs funded from <b>federal, state and local sources</b> . Principal sources of revenue are federal and state <b>grants</b> paid to the District through state and county agencies and other grants paid to the District directly from state, local and private agencies.	This fund is used for the accumulation of resources and payment of general obligation and PERS <b>bond principal and interest</b> . Primary resources in these funds are property taxes and earnings on investments.	This fund accounts for activities related to the acquisition, construction, equipping and furnishing of <b>new schools and other facilities</b> . Principal revenue sources are proceeds from general obligation bond issues and related interest earned on proceeds not yet expended.

# STATE SCHOOL FUND GRANTS & PROPERTY TAX REVENUES

The Oregon State School Fund (SSF) and property tax revenue are primary sources of West Linn-Wilsonville School District's operating General Fund. The Oregon Legislature determines how much money is available from state income taxes and local sources, primarily property taxes.

**State School Fund:** The SSF was created in response to the requirement that the state replaces school tax revenue lost under Measure 5. The legislature created the SSF and established an equalization formula to allocate revenue to schools on a weighted per-student basis.

SSF is calculated based on enrollment. A per-student amount consists of two different enrollment numbers: average daily membership - resident (ADMr) and average daily membership – weighted (ADMw). The ADMr number represents the average number of students enrolled in WLWVSD daily. The ADMw is an adjusted number to compensate for the high costs of educating specific groups of students, such as English Language Learners, special education, income at or below poverty, and students in foster care.

**Property Tax Levies:** Property owners are taxed on the combined education and debt service rates to repay bond expenses from Measure 5. The permanent Property Tax Rate for the WLWV School District is \$4.8684 per \$1,000 of assessed value. And \$1.50 per \$1,000 of assessed value for the Local Option Levy.

#### 1299 - Other Programs

**Total: \$598,609**

With emphasis on research and inquiry, STEM (Science, Technology Engineering and Math) programs provide learning and enrichment experiences for K-12 students for the purpose of applying skills and exploring interests in science. Programs operate during the school year and in the summer. These programs include Center for Research in Environmental Sciences and Technologies (CREST), field trips, camps, and The Intel International Science and Engineering Fair. The Intel ISEF program unites young scientific minds, showcasing their talents on an international stage, and allows their work to be reviewed by doctoral-level scientists.

### 2218 - Professional Development - Classified

Total: \$20,000

West Linn-Wilsonville School District places a high value on meaningful professional development. We are deeply committed to the success of our students and staff. We are proud to offer a professional development program for our classified staff. Whether you work in nutrition services, maintain our facilities, or serve children as a paraeducator, continued professional development is important to the success of our district and, most importantly, to the success of every student. Effective professional development should be intensive, ongoing, and connected to practice, focused on student learning and aligned to school and district improvement initiatives.

### General Fund Requirements by Function/Object.1

#### 5100 - Interfund Loan Repayment

On August 27, 2020, the School Board authorized the Interfund loan in the principal amount of \$1,500,000.00 to provide financing support to the District's General Fund. The loan was made from Land Proceeds to the General Fund budget and bore zero interest. This is a ten (10) year loan with a payback payment of \$150,000 per year. This object category represents one annual payment. Final payment is due in fiscal year 2030-31. As the school district navigates financial challenges, the Business Office recommends postponing the annual inter-fund loan debt payment of \$150,000.00 from the general fund to the land proceeds fund 470 scheduled for fiscal year 23-24 and 24-25 to fiscal year 2031-32 and 2032-33. Resolution 2023-10.

## **III-B. SPECIAL REVENUE FUNDS**

A Special Revenue Fund is an account established to collect funding that must be used for a specific purpose. Special Revenue Funds require an extra level of accountability and transparency to taxpayers to show tax dollars support the intended purpose. These funding sources come from federal, state, and local agencies and provide financial assistance to our school district to carry out purpose-driven supports as voted by the public.

Special Revenue Funds

**Total: \$252,320**

**209 - Donations**

**Total: \$252,320**

A donation is a transfer of money in the form of a gift. A gift is a voluntary transfer of funds by a donor, made with philanthropic intent. After receipt, the contribution must be owned in full by the receiving entity, and the recipient entity must retain complete ownership of any resultant work or project. The donor may not have explicit or implicit control over a gift after acceptance by the district.

Accounting for donations: all donations are treated as being for general purposes and credited to the relevant school building account or kept centralized at the district level in the year they are received unless there is evidence that the donation is for a restricted purpose.

**Total: \$26,588**

This GEER-funded Computer Science Initiative Grant, led by the South Metro Salem STEM Partnership (SMSP), aims to advance CS education in Oregon's public schools, focusing on underrepresented student groups. Through partnerships and innovative models, the grant aims to increase access and participation in CS, serving as a blueprint for statewide implementation. Projects supported will demonstrate equitable CS education, with student involvement in summer 2023 being a requirement. SMSP seeks to catalyze lasting change in CS education, fostering inclusivity and addressing disparities.

### 224 - Early Literacy Success Initiative

**Total: \$620,600**

In 2023, through the leadership of Governor Kotek, the Oregon Legislature established early literacy as a top priority. In creating the Early Literacy Success Initiative, they identified four goals: Increase early literacy for children from birth to third grade; reduce literacy academic disparities for student groups that have historically experienced academic disparities; increase support to parents and guardians to enable them to be partners in the development of their children’s literacy skills and knowledge; and increase access to early literacy learning through research-aligned, culturally responsive, student-centered, and family-centered support. These goals will be accomplished through the Early Literacy Success School District Grant.

### 232 - Middle School Musical & Primary Strings Program

\*Middle School Musical: The Middle School Musical Program supports middle school performing arts, serving over 140 students each year. Students from all four district middle schools (plus Three Rivers Charter School) are represented. MSM produces a full-scale Broadway musical annually, which is double-cast to maximize participation and is presented on the high school stages (alternating each year to provide equity for our combined district communities of West Linn and Wilsonville). These funds have been moved and are now budgeted within the General Fund Function 1122-Middle School Extracurricular activities.

\*Primary Strings Program: This districtwide program is currently inactive.

Oregon Senate Bill 1149 required Portland General Electric (PGE) to collect a "Public Purpose Charge" from consumers in their service area beginning in 2002. The first ten percent of these charges go to K-12 school districts for energy efficiency projects. The money is forwarded from PGE each month and deposited into this fund. The Oregon Department of Energy administers the schools program, authorizing reimbursement from this fund for approved energy efficiency projects completed. We expect to receive authorization for the reimbursement of expenditures for projects at Boones Ferry Primary School.

**244 - Grow Your Own**

**Total: \$103,811**

The vision of the Wilsonville High School Grow Your Own grant is to build a pipeline of diverse, bilingual/multilingual, culturally responsive, and high-quality educators. We aim to recruit, prepare, and support bilingual/multilingual high school students in joining the educator profession. This partnership will be critical in the successful launch of a new Education Career & Technical Education (CTE) program at Wilsonville HS. This CTE program will allow students to explore education as a potential career path and take dual credit/college credit classes. This is a two year grant awarded in 2023-24 and will conclude in 2024-25.

### 252 - Title IV-A

Every Student Succeeds Act (ESSA), commonly known as Title IV, is intended to improve students' academic achievement by increasing the capacity of State and Local Educational Agencies to provide all students with access to a well-rounded education, improve school conditions for student learning, and improve the use of technology to improve the academic achievement and digital literacy of all students. This funding has been moved and is now combined with Title II Fund 263 which supports increased academic achievement by improving teacher and principal quality.

### 258 - Early Indicator & Intervention System

**Total: \$26,991**

The Student Success Act, House Bill 3427, created a grant program to assist school districts with implementing early indicator and intervention systems (EIS). The goal of the EIS program is to align school, district, and community systems to help students stay on track to graduate from high school. Starting fiscal year 2023-24, ODE introduced the Aligning for Student Success which will integrate the funding, budgeting, and reporting of six state and federal grant programs with overlapping goals and initiatives. EIS is included in Aligning for Student Success.

### 260 - Retention Grant

HB 4030 provided \$78 million in grants to support the retention and recruitment of K-12 educators and other support personnel in schools across Oregon. The legislative and executive intent of these funds is to use them for strategies identified and prioritized through the involvement of school personnel to:

Address high need specialties and workforce shortage areas for both classified and licensed staff; Build on existing efforts which address root causes of workforce attrition while responding to urgent needs; and Diversify the workforce, as well as ensure every educator and staff member can meet the academic and well-being needs of students, particularly students from historically and persistently underserved groups. This grant has ended and the district does not anticipate any future funding from this grant.

### 263 - Title II-A Teacher Quality

**Total: \$198,395**

The purpose of this program is to increase academic achievement by improving teacher and principal quality. The funding from Title IV, held previously in Fund 252 and intended to improve students' academic achievement by increasing the capacity of State and Local Educational Agencies to provide all students with access to a well-rounded education, improve school conditions for student learning, and improve the use of technology to improve the academic achievement and digital literacy of all students, has been consolidated with Title II-A per ODE's recommendation and approval. The award for 2024-25 is based on preliminary estimates from the Oregon Department of Education.

### 270 - High School Success - Measure 98

Total: \$2,745,715

The purpose of this program is to improve student progress toward graduation beginning with grade 9, increase the graduation rates of high schools, and improve high school graduates' readiness for college and career.

Starting fiscal year 2023-24, ODE introduced the Aligning for Student Success which will integrate the funding, budgeting, and reporting of six state and federal grant programs with overlapping goals and initiatives. High School Success is included in Aligning for Student Success.

### 271 - Student Investment Account

**Total: \$8,689,824**

The Student Investment Account is an annual non-competitive grant fund for all Oregon school districts and eligible charter schools. This money has two purposes: 1) Meet students mental and behavioral health needs and 2) Increase academic achievement and reduce academic disparities for students who have historically experienced disparities in our schools. Extensive community engagement informed the goals within the district's Continuous Improvement Plan and the priorities outlined in the district's Student Investment Grant application.

Starting fiscal year 2023-24, ODE introduced the Aligning for Student Success which integrates the funding, budgeting, and reporting of six state and federal grant programs with overlapping goals and initiatives. The Student Investment Account is included in Aligning for Student Success.

### 274 - Elem & Second Sch Emerg Relief (ESSER) Round III

Fund 274 - Elementary and Secondary School Emergency Education Relief Fund (ESSER) - In March 2021, received an additional \$3.9 million through the American Rescue Plan ACT (ARP). These funds were intended to address the issue of lost instructional time due to the pandemic. Of the \$3.9 million received, the District used a portion of this funding for Zoom licenses, Personal Protective equipment (PPE), disinfecting supplies, and the purchase of wireless hotspots for our students and staff. The remaining funds were used to staff full-time online Teachers, Counselors, and long-term Substitutes. This fund is fully expended and closed.

### 275 - Summer Grant Program Funding

In 2021, the Oregon legislature provided \$200 million to support credit earning and enrichment opportunities for students in grades K-12. For summer programs, the funding is split into two purposes: (1) engaging high school students in credit earning opportunities and (2) engage K-8 students in enrichment activities. The focus of this grant is to prioritize students experiencing disabilities and other student communities who have been historically underserved. The District did not qualify for this funding in the current fiscal year.

### 297 - Nutrition Services

Total: \$3,656,201

This fund provides for all costs associated with operating federally-funded child nutrition programs in West Linn-Wilsonville schools. Operating funds are generated through sales of meals to students and reimbursement for meals served to students under United States Department of Agriculture (USDA) reimbursement guidelines. USDA establishes a fixed reimbursement rate for each documented meal served and sets the household income guidelines that determine a family's eligibility for free or reduced-price meals.

# PREFACE

## WEST LINN-WILSONVILLE SCHOOL FACILITIES PLAN – 2019 EDITION

Originating in 1996, West Linn-Wilsonville School District has regularly published a Long Range School Facilities Plan that provides a summary of the District’s framework for facilities planning. Updates to this plan have occurred five times over the last 23-years culminating in this latest 2019 Edition. Each edition takes an in-depth look at current school educational programs and initiatives that shape the built environment in support of the highest quality public education for all district students.

The School Facilities Plan is divided into two parts. The Long Range Plan and the Capital Improvement Program.

“Part 1 – West Linn-Wilsonville School District Long Range Plan” provides a summary of the District’s framework for facilities planning in three sections:

- Framework for Excellence: Describes the values, themes and educational needs and approaches that are the basis of facility planning and maintenance decisions.
- School Facilities: Identifies the existing school capacity, potential growth and educational trends and factors that could impact the future facility needs.
- Capital Improvements: Outlines the capital improvement planning process and identifies criteria for identifying future capital improvement projects.

“Part 2 – West Linn-Wilsonville School District Capital Improvement Program” supports consideration of a capital bond measure in the near future by providing background information relating to issues facing the District over the next 10-years and the potential improvements that could address them. The report is organized to answer four questions:

- Overview: What is the District’s mission, what are the challenges, and what is the Capital Improvement Program?
- Excellence in Education: Why does the District’s goal for excellence in education serve as the basis for the Capital Improvement Program?
- Capital Improvement Planning Process: How is the Capital Improvement Program developed and how will the proposed projects support the District’s commitment to excellence?
- Capital Projects List and Next Steps: When will the Capital Improvement Program projects be prioritized and implemented?

Together, Part 1 and Part 2 of the School Facilities Plan provide a comprehensive overall picture of District educational aspirations, goals and the facilities that will support them. For more detailed information regarding to the Long Range Facilities Plan, please visit the link below

Capital Projects Funds

Total: \$3,124,998

### 470 - Capital Projects - Land

Total: \$3,124,998

This fund is set up to receive and expense funds for buying, selling, securing, and other costs to make it useful for the real property within the school district's purposes. Per auditor recommendation, this fund has been moved from Special Revenue Fund 294 to Capital Projects-Land Fund 470 in the fiscal year 2021-22. On April 17, 2023, the Board, under ORS 332.115(5) and Board Policy DID, authorized the Superintendent and her designee to enter negotiations with the City of Wilsonville for the possible sale of the property, whereas the WLWV School District and the City of Wilsonville sought a joint appraisal of the Property, which valued the Property at \$1,387,200.

### 492 - Construction Excise Tax

Total: \$2,344,509

In 2007, the Oregon State Legislature passed, Senate Bill 1036 which helped Oregon school districts pay for a portion of the cost of new or expanded school facilities. The bill allows school boards, in cooperation with cities and counties, to tax new residential and non-residential development. This tax required developers to share the cost of growth with school districts. School districts may only spend construction excise tax revenue on capital improvements, including land acquisition, construction, reconstruction, improvement of school facilities, costs to purchase and install equipment and furnishings, or other tangible properties that has a useful life of more than one year, architectural, engineering, legal or similar costs related to capital improvements. School districts may NOT spend construction excise tax funds on operating costs or costs of routine maintenance.

## **IV: INFORMATIONAL SECTION**

**The major function categories are defined below. These are general descriptions and not specific to West Linn –Wilsonville School District.**

The WLWV School District’s budget is appropriated by fund and major functional category as per Oregon State Revised Statutes. The major functional categories, or program areas, are defined by the National Center for Educational Statistics and adopted by the Oregon Department of Education in the Oregon Program Budgeting and Accounting Manual (PBAM). In 1997 the legislature enacted House Bill 3636 which directed the Oregon Department of Education to review, modify, update and improve the existing chart of accounts to promote consistency of accounting across school districts in Oregon. The PBAM provides for more consistency in reporting of school district and education service district financial activities so that comparisons can be made across districts. Under Oregon Budget Law the PBAM also provides the framework for developing and reporting budgets and appropriations.

Function	Function Title	Function Description
1000	INSTRUCTION	<p>Activities dealing directly with the teaching of students, or the interaction between teacher and students. Teaching may be provided for students in a school classroom, in another location such as a home or hospital, or in other learning situations such as those involving co-curricular activities.</p> <p>Instruction may also be provided through some other approved medium such as computer instruction applications, television, radio, telephone, and correspondence. Included here are the activities of instructional assistants of any type that assist in the instructional process. Expenditures for teachers’ travel within the district in connection with teaching assignments are considered costs of instruction.</p>
2000	SUPPORT SERVICES	Supporting services provide administrative, technical, personal (such as guidance and health) services and logistical support to facilitate and enhance instruction.
3000	ENTERPRISE AND COMMUNITY SERVICES	Activities concerned with operations that are financed and operated in a manner similar to private business enterprises where the stated intent is that the costs of providing goods and services to the students or general public are financed or recovered primarily through user charges and community programs.
4000	FACILITIES ACQUISITION AND CONSTRUCTION	Activities concerned with the acquisition of land and buildings; major remodeling and construction of buildings and major additions to buildings; initial installation or extension of service systems and other built-in equipment; and major improvements to sites. Major capital expenditures, which are defined as capital expenditures that are eligible for general obligation bonding are recorded here. Maintenance and upkeep of buildings are charged under a 2000 – Support Services program.
5000	OTHER USES	<p>Activities included in this category are servicing the debt of a district, conduit-type transfers from one fund to another fund and apportionment of funds by ESD.</p> <p>Note: Debt Service (5100) and Transfers of Funds (5200) must be appropriated separately to comply with local budget law under ORS 294.435.</p>
6000	CONTINGENCIES (FOR BUDGET ONLY)	Expenditures which cannot be foreseen and planned in the budget process because of an occurrence of an unusual or extraordinary event. The school board authorizes a transfer from the contingency budget to the correct function for the unanticipated expense.
7000	UNAPPROPRIATED ENDING FUND BALANCE	An estimate of funds needed to maintain operations of the school district from July 1 of the ensuing fiscal year and the time when sufficient new revenues become available to meet cash flow needs of the fund. No expenditure shall be made from the unappropriated ending fund balance in the year in which it is budgeted.

### **FUNCTION 5200 TRANSFERS OF FUNDS**

This object category does not represent a purchase. Generally, transfers are used to provide general fund support to funds that are not self-supporting.

### **FUNCTION 6000 CONTINGENCIES**

Expenditures which cannot be foreseen and planned in the budget process because of an occurrence of an unusual or extraordinary event. Contingency is simply a placeholder for an unplanned event and takes board action to move budget to the appropriation in which the expense will occur.

### **OBJECT 810 PLANNED RESERVE**

Amounts set aside for operating contingencies for expenditures which cannot be foreseen and planned in the budget because of the occurrence of some unusual or extraordinary event. Expenditures cannot be coded directly to this account. Board action is required to transfer from this account to another appropriation category.

## 2024-25 Budget Survey Results

On April 16, the District sent all West Linn-Wilsonville families and community members a budget summary video and an online survey asking for community input regarding the 2024-25 budget process. In the video, Superintendent Dr. Kathy Ludwig provided an overview of the financial landscape and applicable district priorities that will influence the budget process. The online survey asked community members to rank their funding priorities as well as provide additional budget-related input. Nearly 1,300 online survey responses were received before it closed on May 1st. Survey data was used by the school district to finalize the proposed budget.

## Budget Survey Questions and Data

The Budget Survey asked three key questions. The first asked for respondents to indicate the investment strategies they wanted prioritized during the budget process. The second question was open-ended, allowing respondents to list additional strategies that they would like prioritized. The third question was also open-ended, asking respondents to prioritize areas of reduction given the district's need to reduce the expenditures by approximately \$10 million in 2024-25. Below are summarized results for both WLWV staff and WLWV non-staff (i.e. parent-guardians and community members). Additional questions were asked regarding the district's Student Investment Account Grant (SIA) funding, which the district will use during its annual review of the Improvement Plan and Integrated Application.

### **Q1: Which investment strategies do you want to see continue as priorities in WLWV budgeting? Check all that apply. (1,273 responses)**

- Hiring quality staff and providing effective classroom support systems: 87.2% (1,123 responses)
- Effective class size ranges: **78.2%** (1,007 responses)
- Support for mental health and behavioral needs **62.6%** (806 responses)
- Providing quality curriculum and curriculum support: **57.5%** (740 responses)
- Providing enriched and comprehensive programming, including world and dual language programming, performing and visual arts, athletics, and activities: **52.3%** (674 responses)
- Expanded STEM (Science, Technology, Engineering, and Mathematics) and CTE (Career and Technical Education) Programs: **52.3%** (674 responses)
- Instructional strategies for students with diverse learning needs: **49.1%** (633 responses)
- K-12 access to rigorous coursework including AP & college-level courses: **47.4%** (610 responses)
- Professional development for excellence in teaching: **38.8%** (500 responses)
- School Equity Teams and district-wide equity initiatives: **22.7%** (292 responses)
- Developing Robust Systems of Instructional Technology: **19.5%** (251 responses)
- Measures of progress that inform classroom, school, and district: **19.1%** (246 responses)
- Preschool programs: **18.8%** (242 responses)

**Q2: Are there any investment strategies not listed that you want considered?**

A total of 311 responses were submitted for Q2 covering a wide range of topics and areas of priority. Many questions repeated priorities already listed in Q1. The most common comments for new areas of priority that were not listed in Q1 included fully-funded library programs, safety and security building upgrades, funding for the arts, increased teacher pay, improvements to athletic facilities, Talented and Gifted programming and special education supports.

**Q3: The district receives annual grant money from the Student Investment Account (SIA) Grant that must be allocated on mental and behavioral health as well as addressing the achievement gap for historically underrepresented students. Which priorities would you wish to see the district continue to fund through its Improvement Plan and Integrated Application? Check all that apply.**

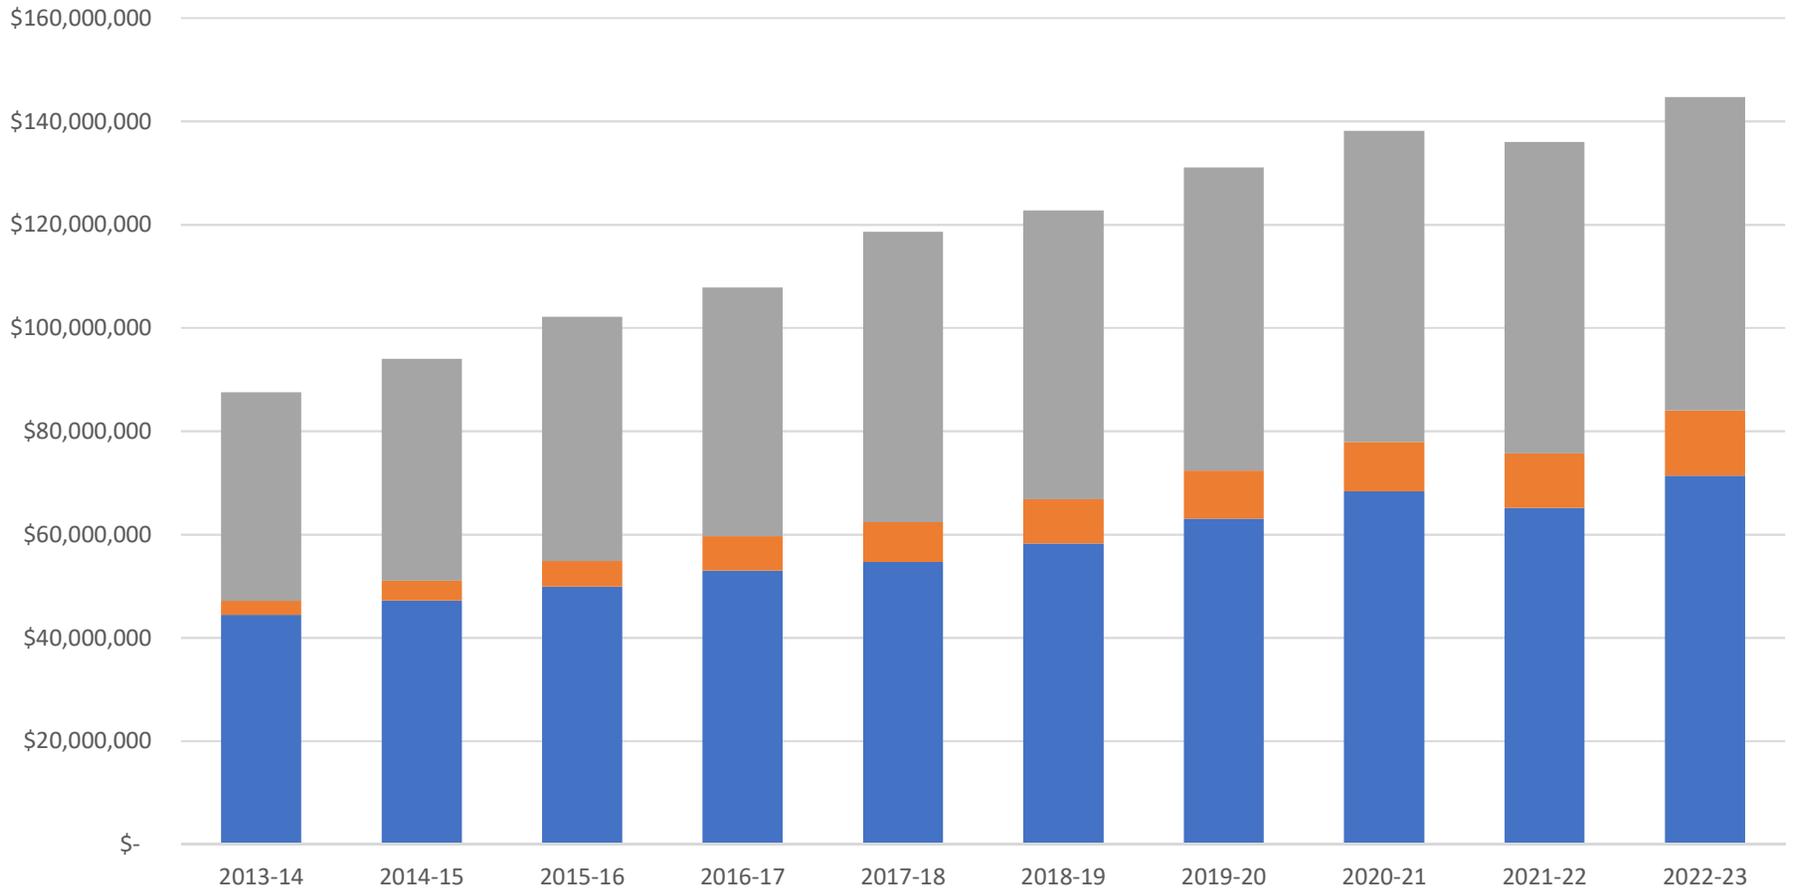

- Add paraeducators to assist in classrooms: 74.6% (946 responses)
- Add counselors: 64.1% (813 responses)
- Add learning specialists and English Language Development (ELD) Specialists: 46.1% (585 responses)
- Fund professional time for teachers and staff to collaborate on programs and strengthen their practices: 37.5% (475 responses)
- Add social workers: 35.6% (451) responses
- Add nurses: 31.3% (397 responses)

**Q4: The District needs to reduce expenditures for the 2024-25 school year and then likely again in the 2025-26 school year. Are there programs or areas of service that you would like the district to consider reducing?**

A total of 534 responses were submitted for Q4 covering a wide range of topics and areas of reduction. The most common comments for prioritizing areas of reduction included reducing administrative costs, materials and services, district office personnel, athletics and co-curricular programs, funding tied to equity and inclusion, dual language or world language programs, professional development, technology, online learning, and specialists/non-classroom teaching positions. Landscaping, reduction to instructional days, raising class sizes, and reducing curriculum spending were also mentioned multiple times.

MEMORANDUM

TO: West Linn-Wilsonville School District  
Son Le Hughes, CFO

FROM: Bronson W. Rueda, County Assessor

DATE: March 18, 2024

SUBJECT: 2024-2025 Value Growth Estimates

Oregon's property tax system limits the rate of growth of property value subject to taxation. Assessed value grows each year by a statutory 3% growth test on maximum assessed value and by new construction. Below is our estimated percentage of assessed value growth anticipated for your district in the 2024-2025 tax year.

<b>2023-2024</b>	<b>2024-2025</b>
<b><u>Assessed Value (AV)</u></b>	<b><u>Estimated Growth in (AV)</u></b>
\$9,949,871,736	3.5% - 4%

Your district's permanent rate and Measure 5 compression loss for certified tax year 2023-24.

- Permanent tax rate: \$4.8684 per \$1,000 of Assessed Value
- Measure 5 compression loss: (\$2,164,414.87)

Measure 5 tax limits are \$5.00 per 1,000 in the education category and are calculated individually on every property. Depending on annual adjustments to Real Market Value, Measure 5 limits reducing revenue to districts can vary each year.

**Annexations will cause the growth estimate to vary, so please consider that in your final analysis.**

Other Factors can affect AV growth such as possible value reductions from appeals or changes in State industrial and centrally assessed property values outside of our authority. Additionally, this year we have noticed a significant decline in permits for construction. Due to these unknown changes, we are taking a conservative approach in our estimate.

This is an estimate only and is intended to provide assistance in your budgeting process. It is important to note actual AV growth can vary due to the unknown changes stated. Please call if you have any questions

$$\frac{\text{Total B} = \$ \underline{30,380,547}}{\text{Total A + B} = \$ \underline{30,380,547}} = \text{Allocation \%} \times \text{Bond Levy} = \$ \underline{31,320,151} \quad (\text{enter on line 4b on the front})$$

Total Bond Levy \$ 31,320,151 (enter on line 4c on the front)

### Example – Total Bond Levy = \$5,000

Debt service requirements for bonds approved **prior to** October 6, 2001 (including advanced refunding issues to redeem them):

	Principal	Interest	Total
<b>Bond A:</b> Bond Issue 1			
Bond Issue 2	5,000.00	500.00	5,500.00
Bond Issue 3	3,000.00	250.00	3,250.00
<b>Total A</b>	1,000.00	100.00	1,100.00

Debt service requirements for bonds approved **on or after** October 6, 2001:

	Principal	Interest	Total
<b>Bond B:</b> Bond Issue 1	3,000.00	50.00	3,050.00
<b>Total B</b>			9,850.00
<b>Total Bond (A + B)</b>			<b>\$12,900.00</b>

### Formula for determining the division of tax:

$$\frac{\text{Total A} = \$ \underline{9,850.00}}{\text{Total A + B} = \$ \underline{12,900.00}} = \text{Allocation \%} \times \text{Bond Levy} = \$ \underline{3,818.00} \quad (\text{enter on line 4a on the front})$$

$$\frac{\text{Total B} = \$ \underline{3,050.00}}{\text{Total A + B} = \$ \underline{12,900.00}} = \text{Allocation \%} \times \text{Bond Levy} = \$ \underline{1,182.00} \quad (\text{enter on line 4b on the front})$$

# **V: APPENDIX**

**ACCOUNT CODES:** Account codes identify the funding source and nature of a budgeted expenditure.

**ACCOUNTING SYSTEM:** The methods and records established to identify, assemble, analyze, classify, record and report a government's transactions and to maintain accountability for the related assets and liabilities.

**ACCOUNTS PAYABLE:** A short-term liability account reflecting amounts owed to private persons or organizations for goods and services received by a government.

**ACCOUNTS RECEIVABLE:** An asset account reflecting amounts due from private persons or organizations for goods and services furnished by a government (but not including amounts due from other funds or other governments).

**ACCRUAL BASIS:** The basis of accounting where revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. The District uses the accrual basis of accounting in its government-wide financial statements and also in its proprietary fund and fiduciary fund financial statements. Accrual basis accounting is also referred to as full-accrual accounting.

**ACCUMULATED DEPRECIATION:** A contra-asset account used to report the accumulation of periodic credits to reflect the expiration of the estimated service life of fixed assets.

**ACHIEVEMENT COMPACT:** Agreement between the state and school district setting targets for achievement.

**ACHIEVEMENT GAP:** A persistent and significant disparity in educational achievement and attainment among groups of students as determined by a standardized measure.

**ACT:** American College Test

**ACTIVITY:** A specific and distinguishable service performed by one or more organizational components of a government to accomplish a function for which the government is responsible.

**ACTUARIAL BASIS:** A basis used in computing the amount of contributions to be made periodically to a fund or account so that the total contributions plus the compounded earnings thereon will equal the required payments to be made out of the fund or account. The factors considered in arriving at the amount of these contributions include the length of time over which each contribution is to be held and the rate of return compounded on such contribution

over its life. A pension trust fund for PERS is an example of a fund concerned with actuarial basis data.

**ADM:** Average Daily Membership is the year- to-date average of daily student enrollment.

**ADMw:** Average Daily Membership Weighted is the average daily membership of daily student enrollment increased by a variety of weighting factors. For example, each student qualifying for special education services is given an additional weight and counted as 2.0 full-time equivalents (FTE) for funding purposes.

**ADOPTED BUDGET:** The financial plan adopted by the school board which forms a basis for expenditure appropriations.

**ALLOCATIONS:** To divide an appropriation into amounts for specific purposes.

**APC:** Associated Payroll Costs.

**APPROPRIATION:** A legal authorization granted by a legislative body to make expenditures and to incur obligations for specific purposes. An appropriation usually is limited the in amount and time it may be expended.

**ASB:** Associated Student Body

**ASBO:** Association of School Business Officials International

**ASSESSED VALUATION:** A valuation set upon real estate or other property by a government as a basis for levying taxes.

**ASSETS:** Resources owned or held which have monetary value. A probable future economic benefit obtained or controlled by a particular entity as a result of past transactions or events.

**BALANCED BUDGET:** The budget for a fund where the total projected resources equal the total projected requirements

**BASIS OF ACCOUNTING:** A term used to refer to when revenues, expenditures, expenses and transfers—and the related assets and liabilities—are recognized in the accounts and reported in the financial statements. Specifically, it relates to the timing of the measurements made, regardless of the nature of the measurement, on either the cash or the accrual method.

**BC:** Budget Committee. Consists of the five elected School Board members and five citizen members appointed by the Board. Citizen members serve three-year terms.

**BEGINNING FUND BALANCE:** Funds carried forward from the current fiscal year into the next budgeted fiscal year that become a resource to support the appropriations for the next budgeted fiscal year. The beginning fund balance is the same amount as the previous year's ending fund balance.

**BOLI:** Bureau of Labor and Industries.

**BOND OR BOND ISSUE:** A certificate of debt guaranteeing payment of the original investment plus interest on specific dates. Most often, a written promise to pay a specified sum of money (called the face value or principal amount), at a specified date or dates in the future, called the maturity date(s), together with periodic interest at a specified rate. Sometimes, however, all or a substantial portion of the interest is included in the face value of the security. The difference between a note and a bond is that the latter is issued for a longer period and requires greater legal formality.

**BUDGET COMMITTEE:** A board of the District consisting of the school board and an equal number of legal voters of the District appointed by the School Board.

**BUDGET DOCUMENT:** The instrument used by the budget-making authority to present a comprehensive financial program to the appropriating governing body. The budget document usually consists of three parts. The first part contains a message from the budget-making authority, together with a summary of the proposed expenditures and the means of financing them. The second consists of schedules supporting the summary. These schedules show in detail the past years' actual revenues, expenditures and other data used in making the estimates. The third part is composed of drafts of the appropriation, revenue and borrowing measures necessary to put the budget into effect.

**BUDGET MESSAGE:** A general discussion of the proposed budget as presented in writing by the budget-making authority to the legislative body. The budget message should contain an explanation of the principal budget items, an outline of the government's experience during the past period and its financial status at the time of the message and recommendations regarding the financial policy for the coming period.

**BUDGET:** A plan of financial operation embodying an estimate of proposed expenditures for a given period and the proposed means of financing them. Used without any modifier, the term usually indicates a financial plan for a single fiscal year. The term “budget” is used in two senses in practice. Sometimes it designates the financial plan presented to the appropriating governing body for adoption, and sometimes it designates the plan finally approved by that body.

**BUDGETARY CONTROL:** The control or management of a government or enterprise in accordance with an approved budget to keep expenditures within the limitations of available appropriations and available revenues.

**CAPITAL ASSETS** (also called fixed-assets): Long-lived tangible assets obtained or controlled as a result of past transactions, events or circumstances. Fixed assets include buildings, equipment, improvements other than buildings and land. In the private sector, these assets are referred to most often as property, plant and equipment.

**CAPITAL BUDGET:** A plan of proposed capital outlays and the means of financing them.

**CAPITAL EXPENDITURES:** Expenditures resulting in the acquisition of or addition to the government’s general fixed assets.

**CAPITAL OUTLAY:** Expenditures that result in the acquisition of or addition to capital assets.

**CAPITAL PROGRAM:** A plan for capital expenditures to be incurred each year over a fixed period of years to meet capital needs arising from the long-term work program or other capital needs. It sets forth each project or other contemplated expenditure in which the government is to have a part and specifies the resources estimated to be available to finance the projected expenditures.

**CARRY OVER FUND BALANCE:** Represents the amount of the prior year’s ending fund balance that is budgeted as a resource in the next year.

**CASH BASIS:** A basis of accounting under which transactions are recognized only when cash is received or disbursed.

**CASH:** Cash includes currency on hand and demand deposits with banks or other financial institutions. Cash also includes deposits in other kinds of accounts that have the general characteristics of demand deposit accounts.

**CET:** Construction Excise Tax

**CLASSIFIED STAFF:** Employees in positions that are classified according to the duties and responsibilities involved in the work and do not require licensing by the Teacher Standards and Practices Commission as a condition of employment.

**COLA:** Cost of Living Adjustment

**COMMON SCHOOL FUND:** Interest on trust funds from state sale of miscellaneous lands.

**CONTINGENCY:** A special amount set aside in the budget for unforeseen expenditures. Transfer of general fund operating contingency funds to cover unanticipated expenditures requires School Board approval.

**COSA:** Confederation of Oregon School Administrators

**COST ACCOUNTING:** The method of accounting that provides for the assembling and recording of all the elements of cost incurred to accomplish a purpose, to carry on an activity or operation, or to complete a unit of work or a specific job.

**COST:** The amount of money or other consideration exchanged for goods or services.

COUNTY SCHOOL FUND: Distributed by county sources and includes property tax levy, state forest fees and various fines such as gambling fees.

CSIP: Comprehensive School Improvement Plan

CTE: Career and Technical Education CTP: Community Transition Program

DEBT: An obligation resulting from the borrowing of money or from the purchase of goods and services. Debts of governments include bonds, time warrants and notes.

DEFERRED INFLOWS OF RESOURCES: The acquisition of net assets by the government that is applicable to a future reporting period. An example for the District is property taxes which have been collected but will not be available until the subsequent fiscal period.

DEFERRED OUTFLOWS OF RESOURCES: The consumption of net assets by the government that is applicable to future reporting periods. An example for the District is debt refunding charges that do not have present service capacity and must be amortized over future periods.

DEFICIT: (1) The excess of the liabilities and deferred inflows of resources of a fund over its assets and deferred outflows of resources. (2) The excess of expenditures over revenues during an accounting period or, in the case of proprietary funds, the excess of expenses over revenues during an accounting period. Oregon school districts may not carry deficits in any fund.

DEPRECIATION: (1) Expiration in the service life of fixed assets, other than wasting assets, attributable to wear and tear, deterioration, action of the physical elements, inadequacy and obsolescence. (2) The portion of the cost of a fixed asset, other than a wasting asset, charged as an expense during a particular period. In accounting for depreciation, the cost of a fixed asset, less any salvage value, is prorated over the estimated service life of such an asset, and each period is charged with a portion of such cost. Through this process, the entire cost of the asset is ultimately charged off as an expense.

DOUBLE ENTRY: A system of bookkeeping requiring that for every entry made to the debit side of an account or accounts, an entry or entries be made for an equal amount to the credit side of another account or accounts.

EESP: Energy Efficient Schools Program.

EIECSE: Early Intervention Early Childhood Special Education.

ELL (ESL): The English Language Learning program provides educational support to students who do not meet a minimal English language proficiency standard. Former term (and sometimes used) ESL or English as a Second Language.

ENCUMBRANCES: Commitments related to unperformed (executory) contracts for goods or services. Used in budgeting, encumbrances are not GAAP expenditures or liabilities, but represent the estimated amount of expenditures ultimately to result if unperformed contracts in process are completed.

ENDING FUND BALANCE: The ending fund balance of the current fiscal year becomes the beginning fund balance of the next fiscal year. The fund balance is made up of two components: (1) Unexpended budget. Budgeted expenditures minus actual expenditures; (2) Revenues received in excess of the budgeted amount.

ENTITY: (1) The basic unit upon which accounting and/or financial reporting activities focus. The basic governmental legal and accounting entity is the individual fund and account group. (2) That combination of funds and account groups that constitutes the reporting entity for financial reporting purposes and alone may issue CAFRs and GPFS.

EQUALIZATION: A method for allocating local and state funds for schools adopted by the 1991 Oregon Legislature and modified slightly since then. The purpose of equalization is to ensure that students in all Oregon schools are treated equally in terms of how state and local resources are allocated. Equalization is implemented through the State School Fund formula which allocates local and state funds on a weighted per-student basis.

EQUITY ACCOUNTS: The District's equity is its ownership in itself. Net position defines the District's equity when accrual accounting is used and Ending Fund Balance defines the District's equity when modified accrual accounting is used. The formula for equity is expressed:  $ASSETS + DEFERRED OUTFLOWS OF RESOURCES - LIABILITIES - DEFERRED INFLOWS OF RESOURCES = EQUITY$ .

ERC – Educational Resource Center.

ESD: Education Service District.

ESL: English as a Second Language.

EXPENDITURES: Decreases in net financial resources. Expenditures include current operating expenses requiring the present or future use of net current assets, debt service and capital outlays, and intergovernmental grants, entitlements and shared revenues.

FEDERAL PROGRAMS: Federally funded programs – bilingual, migrant and Indian education, among others.

FINANCIAL AUDIT: An audit made to determine whether the financial statements of a government are presented fairly in conformity with GAAP.

FISCAL YEAR: A 12-month period to which the annual operating budget applies and, at the end of which, a government determines its financial position and the results of its operations.

FIXED COSTS: A cost such as rent that does not change from month to month with increases or decreases in the amount of services provided.

FIXTURES: Attachments to buildings that are not intended to be removed and cannot be removed without damage to the buildings. Those fixtures with a useful life presumed to be as long as that of the building itself are considered a part of the building; all others are classified as equipment.

FTE: Full-Time Equivalency (1.00 FTE equals one full-time position).

FUNCTION: A group of related activities aimed at accomplishing a major service or regulatory program for which a government is responsible (e.g., public safety).

FUND BALANCE: Fund balance is the residual of all other elements presented in a governmental funds balance sheet using the modified accrual basis of accounting, and it is expressed with the formula:  $FUND BALANCE = ASSETS + DEFERRED OUTFLOWS OF RESOURCES - LIABILITIES - DEFERRED INFLOWS OF RESOURCES$ .

FUND TYPE: Any one of seven categories into which all funds are classified in governmental accounting. The seven fund types are: general, special revenue, debt service, capital projects, enterprise, internal service, and trust and agency.

**FUND:** A fiscal and accounting entity with a self-balancing set of accounts in which cash or other financial resources, all related liabilities and residual equities, or balances, and changes therein, are recorded and segregated to carry on specific activities or attain certain objectives in accordance with special regulations, restrictions or limitations.

**GAAP:** Generally Accepted Accounting Principles

**GASB:** Governmental Accounting Standards Board

**GED:** General Educational Development.

**GENERAL FUND:** The fund used to account for all financial resources, except those required to be accounted for in another fund.

**GENERAL OBLIGATION BONDS:** Bonds backed by the full faith and credit of government.

**GENERALLY ACCEPTED ACCOUNTING PRINCIPLES (GAAP):** Uniform minimum standards and guidelines for financial accounting and reporting. They govern the form and content of the financial statements of an entity. GAAP encompass the conventions, rules and procedures necessary to define accepted accounting practices at a particular time. They include not only broad guidelines of general application, but also detailed practices and procedures. GAAP provide a standard by which to measure financial presentations. The primary authoritative body on the application of GAAP to state and local governments is the GASB.

**GFOA:** Government Finance Officers Association

**GO BOND:** General Obligation Bond

**GOVERNMENTAL ACCOUNTING STANDARDS BOARD (GASB):** The authoritative accounting and financial reporting standard-setting body for government entities.

**GROSS BONDED DEBT:** The total amount of direct debt of a government, represented by outstanding bonds before deduction of any assets available and earmarked for their retirement.

**HIGH COST DISABILITY GRANT:** State School Fund allocation to reimburse school districts for expenditures above \$30,000 per student for high school special education.

**HR:** Human Resources Department  
**IA:** Instructional Assistant

**IDEA:** Individuals with Disabilities Education Act

**IEP:** Individualized Education Plan

**INDIRECT COST:** A necessary cost for the functioning of the organization as a whole that cannot be assigned to a single program.

**INTERNAL CONTROL STRUCTURE:** Policies and procedures established to provide reasonable assurance that specific government objectives will be achieved.

**LEVY:** (1) (Verb) To impose taxes, special assessments or service charges for the support of government activities. (2) (Noun) The total amount of taxes, special assessments or service charges imposed by a government.

**LIABILITIES:** Probable future sacrifices of economic benefits, arising from present obligations of a particular entity to transfer assets or provide services to other entities in the future as a result of past transactions or events.

**LICENSED STAFF:** All licensed teachers, counselors, media specialists and other support staff under contract to the District. Also included in this group are child development specialists, student resource specialists, physical therapists, and occupational therapists.

**LOCAL OPTION LEVY:** A tax approved by the 1999 Oregon Legislature that allows school districts to raise additional funds for operations or capital needs. Funds are excluded from the State Funding Formula.

**MEASURE 47:** Property tax limit passed by Oregon voters in November 1996, rolling taxes back to 1995-96 levels less 10% and capping future increases by 3% annually.

**MEASURE 5:** Property tax limitation passed by Oregon voters in November 1990, limiting local property taxes for schools to \$5 per \$1,000 of assessed value.

**MEASURE 50:** Initiative referred by the Oregon Legislature and approved by voters to clarify and implement Measure 47. Measure 50 set the assessed value for each property and limited future annual growth to 3%, with exceptions. Under Measure 50 assessed value cannot exceed real market value. Prior to Measure 50, property was assessed at real market value.

**MODIFIED ACCRUAL BASIS:** The accrual basis of accounting adapted to the governmental fund-type measurement focus. Under it, revenues and other financial resource increments (e.g., bond issue proceeds) are recognized when they become susceptible to accrual, that is, when they become both “measurable” and “available to finance expenditures of the current period.” “Available” means collectible in the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are recognized when the fund liability is incurred except for (1) inventories of materials and supplies that may be considered expenditures either when purchased or when used, and (2) prepaid insurance and similar items that may be considered expenditures either when paid for or when consumed. All governmental funds, expendable trust funds and agency funds are accounted for using the modified accrual basis of accounting.

**NCLB:** No Child Left Behind refers to the Elementary and Secondary Education Act (ESEA), the principal federal law affecting K- 12 education. A number of federal entitlement programs (Title I – V) have been grouped together under this program name.

**OBJECT:** As used in expenditure classification, applies to the article purchased or the service obtained, rather than to the purpose for which the article or service was purchased or obtained (e.g., personal services, contractual services, materials and supplies).

**ODE:** Oregon Department of Education

**OEA:** Oregon Education Association

**OEBC:** Oregon Educators Benefit Board

**OEIB:** Oregon Education Investment Board

**OESE:** Office of Elementary and Secondary Education.

**OPERATING BUDGET:** Plans of current expenditures and the proposed means of financing them. The annual operating budget (or, in the case of some state governments, the biennial operating budget) is the primary means by which most of the financing, acquisition, spending and service delivery activities of a government are controlled. The use of annual operating budgets is usually required by law. Even when not required by law, however, annual operating budgets are essential to sound financial management and should be adopted by every government.

**OPERATING EXPENSES:** Proprietary fund expenses related directly to the fund's primary activities.

**OPSRP:** Oregon Public Service Retirement Plan

**ORS:** Oregon Revised Statutes. Oregon laws established by the Legislature.

**OSBA:** Oregon School Boards Association

**OVERHEAD:** Those elements of cost necessary in the production of a good or service which are not directly traceable to the product or service. Usually these costs relate to objects of expenditure that do not become an integral part of the finished product or service, such as rent, heat, light, supplies, management and supervision.

**PBAM:** Program Budgeting and Accounting Manual.

**PBIS:** Positive Behavior Intervention and Support.

**PERMANENT TAX RATE LIMIT:** The maximum rate of ad valorem property taxes that a school district can impose. Taxes generated from the permanent rate limit can be used for any purpose. No action of the school district can increase a permanent rate limit.

**PERS UAL:** PERS Unfunded Accrued Liability.

**PERS:** Public Employees Retirement System.

**PROGRAM BUDGET:** A budget wherein expenditures are based primarily on programs of work and secondarily on character and object class, on the one hand, and performance, on the other.

**PROGRAM REVENUES:** Program revenues are part of the internal review process for the general fund budget. These reviews are conducted as a means of maintaining budget integrity and transparency, and assessing budgetary needs for the next year.

**PROPOSED BUDGET:** Financial and operating plan for the District that the Superintendent recommends to the public and to the budget committee.

**PURCHASE ORDER:** A document authorizing the delivery of specified merchandise or the rendering of certain services and the making of a charge for them.

**REAL MARKET VALUE:** Defined under measure 50 to be the amount of cash that could reasonably be expected to be paid by an informed buyer to an informed seller as of the assessment date for the tax year.

**REPLACEMENT COST:** The amount of cash or other consideration that would be required today to obtain the same asset or its equivalent.

**REQUIREMENT:** An expenditure or net decrease to a fund's resources.

**REQUISITION:** A written demand or request, usually from one department to the purchasing officer or to another department, for specified articles or services.

**RESOURCES:** Total resources are the estimated beginning fund balance on hand at the beginning of the fiscal year, plus all anticipated revenues.

REVENUES: (1) Increases in the net current assets of a governmental fund type from other than expenditure refunds and residual equity transfers. Also, general long-term debt proceeds and operating transfers in are classified as “other financing sources” rather than as revenues. (2) Increases in the net total assets of a proprietary fund type from other than expense refunds, capital contributions and residual equity transfers. Also, operating transfers in are classified separately from revenues.

RHIA: Retirement Health Insurance Account

SAT: Scholastic Aptitude Test

SCHOOL BOARD: The governing body of the District consisting of five elected members, each residing in a District zone but elected on a District-wide basis. Board members serve four-year terms.

SERVICE LEVEL BUDGET: In the budget process, this refers to the budget amount that would be needed to provide the same level of service the following year, taking into account increases for salaries, benefits, associated payroll costs, inflation for goods and services, and growth.

SPED: Special Education

SSF: State School Fund is the major appropriation of state support for public schools. SSF grants are distributed to schools on a per-student basis. The SSF formula adopted by the Legislature includes monies from the SSF plus local property taxes and certain other local revenues. This formula determines the majority of the District’s general fund revenues.

STAFFING RATIO: The licensed staffing ratio is the proportion of students to licensed staff. Class size is higher than the staffing ratio because counselors and specialists in areas such as Music, Media, P.E., are included in the staffing ratio.

STANDARD COST: The predetermined cost of performing an operation or producing a product when labor, materials and equipment are used efficiently under reasonable and normal conditions. Normal conditions exist when there is an absence of special or extraordinary factors affecting the quality or quantity of the work performed or the time or method to perform it.

STUDENT INVESTMENT ACCOUNT: As part of the Student Success Act (see below), funds are allocated in a Student Investment Account to meet students’ mental or behavioral health needs and to increase academic achievement for students.

STUDENT SUCCESS ACT: In 2019, the Oregon Legislature passed HB-3427 (Student Success Act), which provides \$200 million to enhance the State School Fund.

SUBFUNCTION: A grouping of related activities within a particular government function.

SUPPLEMENTAL BUDGET: A budget prepared to meet unexpected needs or to spend revenue not anticipated at the time the regular budget was adopted. A supplemental budget cannot be used to increase the tax levy.

T&A: Trust and Agency.

TAG: Talented and Gifted.

The following explanations are drawn from several sources including: Oregon Department of Education (ODE), Oregon Revised Statutes (ORS), Oregon Administrative Rules (OAR), Governmental Accounting Standards Board (GASB) and Government Finance Officers Association (GFOA).

TIS: Technology and Information Services

TITLE I: A federally funded program (special revenue fund grant) that provides additional basic skills instruction for low achieving students, grades K-12, in eligible schools.

TOSA: Teacher on Special Assignment.

TRANSFERS: Amounts distributed from one fund to another fund.
